EXPERIENCE THE CHILL OF THE MOUNTAINS
WITH OUR COLD AND FROZEN
Storage Solutions.

Know More About Nature Fresh - Your Trusted Cold Storage Partner

Nature fresh cold storage was established in the year 2022 to meet the perishable storage needs of farmers and traders. Strategically located on Mumbai-Ahmedabad National Highway 8 near Palsana junction, catering to the entire South Gujarat region with easy transportation. we are offering cold chain facilities like cold storage, pre-cooling room, and freezer room for grains, spices, fruits, vegetables, frozen, ready to eat & dairy products, etc. we have installed cold storage capacity of about 5000 MT for the chiller storage and 1000 MT for frozen storage. Our facility has 14 chambers of different sizes that cater to all types of products with different temperature needs.

Vision

Our vision is to become the leader in the cold chain industry by providing superior quality services and technology, and promoting the growth and success of the agricultural sector.

Mission

Our mission is to deliver exceptional cold chain solutions that protect and preserve the quality and freshness of our customers' products through the use of advanced technology, while ensuring customer satisfaction.
